We are not offering our traditional Multi-shaft, Navajo, or Continuous Strand Weaving, Spinning, nor Missouri Dye Workshops at the Hillcreek Fiber Studio in 2016.

However, we WILL continue to offer **Private Lessons** on any aspect of weaving, spinning or dyeing. Please call to set up a time for one to four people. 1-800-875-9328 (TRI-WEAV) See also Page 6 for details.

Bex offers classes nearly every Saturday a.m. in knitting, weaving, crochet, and other needlework subjects at Hillcreek Yarn Shoppe. Please call 573-449-KNIT (5648) to schedule with Bex.

We are both available for private or small group lessons at the Fiber Studio or Yarn Shoppe, and/or for Trunk Shows or classes at your location.

**Bed and Breakfast** is available to welcome any textile artist traveling through Missouri or taking private lessons. This is a great opportunity for a quiet retreat immersed in textile study — or just read a textile book from over 500 titles. Or, hike some of the trails through Rock Bridge State Park (across the street from the Studio) or on the Katy Trail, which follows the Missouri River from St. Charles to Clinton, Missouri.
